

I am a Front-End Engineer and Freelance UX/UI Designer/Developer. My main focuses are on building user interfaces, cross-browser compatibility, page load performance, and accessibility. I am team-oriented, quick-learning, and available for inquiry.

Objective: Front-End Engineer

TECHNICAL SKILLS

HTML5	JavaScript (ES6)	Cmd Line/Ubuntu
LESS/SCSS/CSS3	jQuery	Git
PHP	Adobe Creative Suite	CMS Templating/Modules

WORK

2019

HEARST Front-End Engineer

- Front-End Engineer; worked in all stages of the development life-cycle.
- Collaborated with developers and designers in an Agile environment.
- Redesigned many websites using SCSS mix-ins and includes, LESS nesting, and CSS3.
- Utilized JavaScript and jQuery to improve page load performance with 'lazy loading', and used HTML5 elements such as 'srcset' to lower image sizes.
- Facilitated and participated in code reviews with development teams.
- Maintained, improved and added new features to a custom-made PHP based Content Management System.

2014-2018

NELNET Senior Front-End Developer

- Built and maintained responsive websites in compliance with web accessibility and cross-browser compatibility standards using HTML5, CSS3, LESS, JavaScript, jQuery, JSON, and Git.
- Worked directly with clients to determine project requirements.
- Building custom sites in content management systems; including planning the site architecture, managing tickets and team velocity, client/stakeholder communications.

PROJECTS

2017-CONT.

FREELANCE UI/UX DESIGNER AND DEVELOPER

- Branded, re-designed, and built websites for various clients in HTML5, CSS3, JavaScript, and jQuery.
- Performed User Research and client interviews to gather data.
- Prototypes, wire-frames, and mobile mock-ups provided using Illustrator, Photoshop, and Sketch.
- Visualized branding and style guides for clients, occasionally including assistance with photography.
- Integrated and setup eCommerce plugins and store fronts on CMS platforms

EDUCATION

- Bachelors of Science / Arts Technology (Multimedia) at Illinois State University
- Graduated Cum Laude in the Honors program
